

[1966-Mar. 16]

Dear Al,

The enclosed might be of some interest to you. If not, pass it on.

I have thought about you, Dora and the boys, but as usual, our own selfish interests always seem to intervene, so Florence + I are madly preparing for our trip to Europe on April 4. We are both scheduled to give talks at the International Handwriting Congress, as I think I told you.

We'll call you when we return and hope at long last to be able to manage & get-together.

All our love

Sam A.

DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE

WASHINGTON, D.C. 20201

OFFICE OF THE SECRETARY

March 16, 1966

Mr. Daniel S. Anthony
Executive Director
Mayor's Commission on Group Relations
92 Mount Vernon Place
Newark 6, New Jersey

Dear Mr. Anthony:

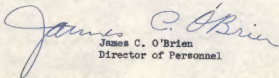

Between now and June our Department hopes to recruit and employ about 200 permanent, professional staff members for work in our civil rights compliance program. In addition, we plan to employ about 100 professional persons and 200 graduate students for temporary summer work (8 - 10 weeks) in civil rights compliance.

For both the permanent and temporary professional positions we are seeking physicians, attorneys, welfare or hospital administrators, public health officers, chief school officers, and leaders in civil rights organization or others who have competence in an activity related to the programs of this Department. In general, professional applicants must have demonstrated qualities of leadership, maturity and stability. They also should have sufficient perception and sensitivity to allow them to acquire a ready understanding of the Department's civil rights compliance program. We also are seeking similar qualities in the graduate students we employ. Additional information about these positions is attached.

We shall appreciate your notifying any individuals, you believe qualified and interested, of these civil rights employment opportunities with this Department.

Your interest and cooperation is appreciated.

Sincerely,

James C. O'Brien
Director of Personnel
